

ITS Engineers in support of National Bandana Day, 2010

Staff from the ITS Engineers Bellville Office posing in their colourful range of bandanas in support of The Sunflower Fund's National Bandana Day on 12 October, 2010.

The Sunflower Fund was formed in 1999 in support of the SABMR (South African Bone Marrow Registry). It was formed by parents whose children had contracted leukaemia, and in some cases had lost their battle against it. Their aim was to secure financial support in order to increase the number of bone marrow stem cell donors in South Africa. With the odds of finding a donor being 1:100 000, the idea is to expand the registry to at least 100 000.

We are proud to say we are a member of the Sunflower Friends. You can help by joining the SABMR. All you have to do to be registered on the SABMR is to give two tubes of your blood. Read more on the website at www.sunflowerfund.org.za
